City Council Agenda Date: November 5, 2013

### **Memorandum**

TO: Mayor Bruce Hagen and the Common Council

FROM: Todd Janigo, Assistant Director of Public Works

RE: Recommendation to Purchase Cab and Chassis

Public Works is requesting to waive the bid requirements and purchase seven (7) 2014 Freightliner 114SD Severe Duty Vocational Cab and Chassis from Boyer Trucks of Superior, WI via Minnesota Net State Bid Contract at a total purchase price of \$738838.88.

1. Introduction:

The City of Superior Public Works Department uses tandem axle trucks throughout the divisions for plowing snow, hauling materials, picking up refuse and maintaining the sanitary and storm sewer systems. These trucks, after years of service, have become less reliable and more costly to fix as they near the end of their useful life. It has been advantageous for the City to purchase multiple trucks of the same model and year for the standardization of parts and maintenance equipment. In addition, by purchasing 2014 model year cab and chassis ordered before Nov. 8, 2013, the City will realize a savings of approximately \$10k per unit based on the estimated cost to meet the latest emission standards.

2. Background/Analysis/Discussion:

Street Division: Replace 3-2000 model year trucks with higher miles with 2014 models. Cab and Chassis to be purchased from Boyer Trucks of Superior, WI via Minnesota Net State Bid Contract for \$105,370.27 each, \$316,110.81 total. 3 trucks will be traded in, trade value has not yet been determined.

Dump bodies, plow frames, plows, wing frames, wings and associated hydraulics to outfit the trucks will be purchased thru the bidding process.

Refuse Collection Division: Replace 2-2000 model year trucks with higher miles with 2014 models. Cab and Chassis to be purchased from Boyer Trucks of Superior, WI via Minnesota Net State Bid Contract for \$105,386.26 each, \$210,772.52 total. 2 trucks will be traded in, trade value has not yet been determined.

Cab modifications will be made at Monroe Equipment after delivery. Heil Rapid Rail automated side load packer bodies will be purchased via the National Joint Powers Alliance Contract.

Environmental Services Division: Replace 1-1979 single axle dump truck with high miles with a 2014 model year tandem axle dump. Cab and Chassis to be purchased from Boyer Trucks of Superior, WI via Minnesota Net State Bid Contract for \$105,370.27. Trade in value of the old truck has not yet been determined. Dump body, plow frame, plow, wing frame, wing and associated hydraulics to outfit the truck will be purchased thru the bidding process. Also replace 1-2000 model Vactor-Jetter truck with a 2014 model year jet/vac combination sewer cleaning truck. Cab and Chassis to be purchased from Boyer Trucks of Superior, WI via Minnesota Net State Bid Contract for \$106,585.28. Trade in value of the old Vactor-Jetter has not yet been determined. Jet/vac combination equipment to be purchased via Minnesota Net State Bid Contract.

3. Budget Source:

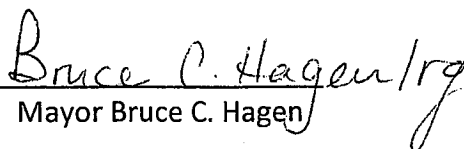

Funding for the replacement of the 3 Street Division Trucks is budgeted in the 2014 CIP Equipment Requests.

Funding for the replacement of the 2 Refuse Collection Trucks is budgeted in the 2014 Landfill Capital Purchases Account.

Funding for the replacement trucks for the Environmental Services Division was budgeted in the 2014 Wastewater and 2014 Stormwater Capital Purchase Accounts.

4. Recommendation: It is requested that the Common Council award the purchase of (7) 2014 Freightliner 114SD Severe Duty Vocational Cab and Chassis from Boyer Trucks of Superior, WI via Minnesota Net State Bid Contract at a total purchase price of \$738838.88.

Recommend:

  
Mayor Bruce C. Hagen
